

CINNOV Bogotá D.C., April 17, 2026

To Whom It May Concern:

By means of this document, it is certified that Engineer Sebastián Vásquez Grajales, identified with Colombian ID (CC) 1193463914, rendered his professional services for CINNOV S.A.S., serving as a Software Development Engineer during the employment period: April 2025 – July 2025.

In the course of his activities, he participated in the end-to-end design and construction of software solutions, structured into functional product modules, contributing to their technical evolution in contexts related to social media and civic engagement. Furthermore, he designed, developed, and implemented Machine Learning techniques, relying on Exploratory Data Analysis (EDA) methods for information comprehension, data processing, and statistical feasibility evaluation, all aligned with organizational goals and including their respective documentary support.

Throughout his tenure, he demonstrated solid professional performance, standing out for his analytical capability, commitment, and valuable contribution to the development of technological solutions.

Sincerely,

Eng. Alexander Nieves Suarez
General Director
